

Job Description – Electronic Assembler

Title: Electronic Assembler

Reports to: Electrical Assembly Supervisor

Located: Saskatoon, SK CA

Hours: Monday – Friday, 8:00 am – 4:30 pm

Role:

Reporting to the Electronics Supervisor, the Electronic Assembler is a key member of the team that manufactures the electrical components for NORAC's products. The successful candidate should have a positive attitude and a willingness to learn. This position requires manual dexterity, attention to detail, and the ability to read and interpret work orders and schematics.

The Electronic Assembler must have a strong ability to communicate effectively with all other members of the NORAC team. The ideal candidate will be able to work effectively in both an individual and a group environment. Duties of the Electronic Assembler include, but are not limited to cable and circuit board assembly.

Required Knowledge, Skill & Abilities:

- Some experience in electronic assembly would be an asset but is not required.
- Some experience in lead free soldering would be an asset but is not required.
- Basic computer skills.
- High school diploma or equivalent.
